The battery should be a combo starting/deep cycle battery, usually sold as a "marine battery". An ordinary auto battery would do for starting and lights, but for running a radio and other electronics something with a little more of a deep cycle capacity will be needed so the battery doesn't go flat while you're fishing and listening to the radio, and leave you stranded when you try to ...

2 GUIDE#: pwb-AIrbornE-v1-005 This Aerial wakeboard tower fits motor boats with 76-108 inch wide beam widths. This measurement is taken from the Port to Starboard mounting points. Do not fold the tower without having the top section securely fastened to the side sections with the fasteners provided. Lubricate the telescopic side section tubes that slide in and out of the top ...

The Tayana 37 is perhaps the most successful semi-custom cruising yacht to be built. It was designed by Bob Perry and introduced in 1975 as a response to the Westsail 32 which were selling in enormous numbers. Today looking back, with the boat still in production with a boat count of 588, most still ...
