Gender Division of Labour The socially determined ideas and practices which define what roles and activities are deemed appropriate for women and men Gender Equality and Equity Gender equality denotes women having the same opportunities in life as men, including the ability to participate in the public sphere

Gender and Development: Concepts and Definitions

women. Gender stereotypes can be both positive and negative for example, "women are nurturing" or "women are weak". Gender stereotyping is the practice of ascribing to an individual woman or man specific attributes, characteristics, or roles by reason only of her or his membership in the social group of women or men.

Gender stereotypes and Stereotyping and women's rights

Bornstein, a trans woman who finds gender deeply problematic, sums up this resistance nicely in her 1995 book title, *Gender Outlaw: On Men, Women and the Rest of Us*¹. It is commonly argued that biological differences between males and females determine gender by causing enduring differences in capabilities and dispositions.

The Evolution of "Women in Development" to "Gender and Development" In the 1970s, research on African farmers noted that, far from being gender neutral, development was gender blind and could harm women. Out of this realization emerged the Women in Development (WID) approach, which constructed the problem of development as being women ...
