Research funding in many countries derives from research bodies and private organizations which distribute money for equipment, salaries, and research expenses. In the United Kingdom, funding bodies such as the Medical Research Council derive their assets from UK tax payers, and distribute revenues to institutions by competitive research grants. The Wellcome Trust is the UK's largest non ...

4 8 16 In the first call to the function, we only define the argument a, which is a mandatory, positional argument. In the second call, we define a and n, in the order they are defined in the function. Finally, in the third call, we define a as a positional argument, and n as a keyword argument. If all of the arguments are optional, we can even call the function with no arguments.
