The phrase 'population statistics' as used by the Census Bureau refers to much more than simply the 'number of inhabitants' in an area. The Census Bureau provides census count and current estimates of the number of inhabitants of the Nation, regions, States, cities, counties, and other areas. It also furnishes a wide variety of information on social and economic characteristics of the ...

In regulatory jurisdictions that provide for it (comprising most or all developed countries with free market economies), consumer protection is a group of laws and organizations designed to ensure the rights of consumers as well as fair trade, competition and accurate information in the marketplace. The laws are designed to prevent the businesses that engage in fraud or specified unfair ...

Why are these the top business review websites? Businesses should strive to get business reviews on business review websites that are going concerns, review sites that people know about (and go to) and that are relatively friction-less (sites consumers have log ins or can go in easy to leave a review).

3D printing is any of various processes in which material is joined or solidified under computer control to create a three-dimensional object, with material being added together (such as liquid molecules or powder grains being fused together), typically layer by layer. In the 1990s, 3D printing techniques were considered suitable only for the production of functional or aesthetical prototypes ...
