STRATEGIC CRISIS MANAGEMENT

placement criteria system designed for use in making level of care decisions in New York State. This document defines LOCADTR which is referenced in OASAS chemical dependence operating regulations, Sections 816, 818, 819, 821, and 822.. The LOCADTR criteria specified in this document apply only to the placement of adult clients, age 18 and older.

Guidelines for Level of Care Determination – LOCADTR 2.0

Ultimately, crisis management is designed to protect an organization and its stakeholders from threats and/or reduce the impact felt by threats. Crisis management is a process designed to prevent or lessen the damage a crisis can inflict on an organization and its stakeholders. As a process, crisis management is not just one thing. Crisis

Crisis Management and Communications - unimi.it

A limited crisis, within the scope of this plan, is any incident, potential or actual, which will not seriously affect the overall functional capacity of the university, but nevertheless requires some degree of action. In some cases, a limited crisis may be small enough that the affected department can effectively resolve the issue.
