Available data on health, nutrition, education, and economic performance indicated that in the 1980s the status of women in Bangladesh remained considerably inferior to that of men. Women, in custom and practice, remained subordinate to men in almost all aspects of their lives; greater autonomy was the privilege of the rich or the necessity of the very poor.

Women in Bangladesh - Wikipedia

A stroke, sometimes called a brain attack, occurs when something blocks blood supply to part of the brain or when a blood vessel in the brain bursts. In either case, parts of the brain become damaged or die. A stroke can cause lasting brain damage, long-term disability, or even death. Learn more ...
