

diversified health occupations 5th pdf

The economy of New Zealand is the 53rd-largest national economy in the world when measured by nominal gross domestic product (GDP) and the 68th-largest in the world when measured by purchasing power parity (PPP). New Zealand has one of the most globalised economies and depends greatly on international trade – mainly with Australia, the European Union, the United States, China, South Korea ...

Economy of New Zealand - Wikipedia

The "business case for diversity" stems from the progression of the models of diversity within the workplace since the 1960s. The original model for diversity was situated around affirmative action drawing strength from the law and a need to comply with equal opportunity employment objectives. This compliance-based model gave rise to the idea that tokenism was the reason an individual was hired ...
