

open source gis a pdf

Purpose of BostonGIS. BostonGIS is a testbed for GIS and Web Mapping solutions utilizing open source, freely available and/or open gis technologies.

Boston GIS: Geographic Information Systems Web Mapping

The Open Geospatial Consortium (OGC) is an international not for profit organization committed to making quality open standards for the global geospatial community. These standards are made through a consensus process and are freely available for anyone to use to improve sharing of the world's geospatial data.

Welcome to The Open Geospatial Consortium | OGC

Open source software. The development of open source GIS software has a long tradition with the appearance of a first system in 1978. Numerous systems are available which cover all sectors of geospatial data handling.

List of geographic information systems software - Wikipedia

GRASS GIS, commonly referred to as GRASS (Geographic Resources Analysis Support System), is a free and open source Geographic Information System (GIS) software suite used for geospatial data management and analysis, image processing, graphics and maps production, spatial modeling, and visualization. GRASS GIS is currently used in academic and commercial settings around the world, as well as by ...

GRASS GIS - Home

A geographic information system (GIS) is a system designed to capture, store, manipulate, analyze, manage, and present spatial or geographic data. GIS applications are tools that allow users to create interactive queries (user-created searches), analyze spatial information, edit data in maps, and present the results of all these operations.

Geographic information system - Wikipedia

Below is a list of OGC Implementation Standards. Implementation Standards are different from the Abstract Specification. They are written for a more technical audience and detail the interface structure between software components.

OGC Standards - Open Geospatial Consortium

Oil and Gas Field Maps & Info. Use these links to find static maps of oil and gas fields and associated statistics. Oil and Gas Statistics: Bureau of Land Management. Below are links to tables and spreadsheets with data that include the numbers of BLM-administered oil and gas leases, applications for permit to drill, and oil and gas wells. .
