This book provides a solid foundation for the development of personal color sense, and a practical examination of the myriad effects that can be achieved with color.

### **Principles of Color Design by Wucius Wong - Goodreads**

Emphasis is the part of the design that catches the viewer's attention. Usually the artist will make one area stand out by contrasting it with other areas. The area could be different in size, color, texture, shape, etc. Movement is the path the viewer's eye takes through the work of art, often to focal areas.
